

THE TRIBUNE.

DANVILLE, KY.
FRIDAY, 11:11 AUGUST 2, 1853.

NEWS ITEMS.

BY SCISSORS AND PASTE-BRUSH.

The bank of Charleston issues eight dollar bills.

Two hundred visitors are enjoying themselves at Blue Licks.

The catalogue of the Georgetown College shows a total of 131 students for the U. S. army, died at Baltimore on Saturday.

The telegraph mentions the destruction by fire of two steamboats lying at St. Louis.

An arrival at New York, from Grand Cay, Turks Islands, brings news that salt is very scarce.

Saratoga has not been very successful this season. Its stars so long in the ascendant is waning.

Three hundred head of choice fat cattle passed through Wheeling on Saturday last, en route for New York.

A correspondent of the Louisville Courier urges the making of a tunnel under the Falls of the Ohio.

The number of students in Bardstown College, Ky., is 256, of whom 129 are boarders, and 67 Day Scholars.

The small pox has been very fatal in Montreal this season. The deaths are stated at 54, four in every 1,000.

The operatives in the Bay State Mills at Lawrence, Mass., have contributed \$255 52 to the Washington Monument.

Among the miners in Australia the Maine law is in operation. Drug shops are burned to the ground as soon as they are discovered.

The young men of New Albany, Ind., propose preparing a block of stone for the Washington Monument, with a suitable inscription.

A German committed suicide on Friday eve, just without the limits of New- port, Kentucky, by discharging a pistol in his mouth.

Philip Allen, having been chosen U. S. Senator, has resigned the office of Governor of Rhode Island, and is succeeded by Lt. Gov. Dimond.

The value of the wheat crop of 1851, in the United States, was \$143,000,000. The value of the corn crop the same year was \$391,300,000.

Corn is quoted at 90 cents per bushel, at Charleston, there not being a bushel for sale in that city on the 22d inst. Such an instance never before occurred.

The dwelling of Mr. Jackson McLain, in Henderson county, was destroyed by fire on Monday night last, which resulted from accident. Loss \$4,000.

The Supreme Court of N. Y., at its sitting held a week or two since, pronounced a decision affirming the constitutionality of the fugitive slave law of 1850.

On Tuesday, Mr. F. Smith was admitted to bail in \$1,500 on the charge of shooting Mr. H. Masterson, in the southern part of Nelson county two or three weeks ago. Masterson has got well.

The question of submitting the passage of the Maine Law to the people of New York was defeated in the House of Assembly on the last day of the session, by a vote of 56 to 34.

The Governor of Arkansas has appointed Hon. Robert W. Johnson, United States Senator, in place of Hon. Solomon Borland, who has accepted the appointment of Minister to Central America.

Seventy more Protestant refugees from Madeira have arrived at New York, and are anxious to join their brethren in Illinois. The officers of the Christian Union appeal to the public in their behalf.

There were 522 deaths in New York during the week ending July 23—a decrease of 43 on the mortality of the previous week. Cholera infantum, diarrhoea and dysentery are the prevailing diseases.

The hands on the Maysville and Lexington Railroad, near Carlisle, Nicholas county, had a muss on Saturday, the 16th instant. The Fardowners drove the Corkonians from the sections and the work was suspended during last week.

Thos. H. Benton has announced himself a candidate for the United States Senate, and it is the general expectation that the war between the Benton and the Anti-Benton parties in Missouri will be renewed with increased bitterness.

The Addisonian Literary Society of the Western Military Institute at Drennan, have forwarded for the Washington Monument a block of marble three and half by four feet, with suitable devices and inscriptions.

A letter from Mr. Vernon, Mo., reports the murder of Dr. Fish who resided about four miles from that town, and that his house was burned up, and his wife and child, was supposed, perished in the flames, as they could not be found.

In Powell county below, the Red River Forge, on Saturday last, Joe Carruthers was waylaid and shot by James Burroughs. The gun was charged with shot, several of which entered Carruthers' neck and face. It was thought by some that he would not recover.

PHILADELPHIA, July 26.

A severe form of bilious fever has broken out violent'ly on the South wharves in this city. Several persons have already died. The disease is supposed to have been brought into the city by vessels passing the quarantine.

A LOCOMOTIVE WITHOUT RAILS.—The following is from the *Courier des Etats-Unis*:

A Paris journal gives an account of the invention of a locomotive destined to run on ordinary roads, by M. Alexandre Leval; yesterday we saw this locomotive, attached to a couple of cars, rolling up the streets, turning the most abrupt corners, and advancing and retarding with the greatest ease. The locomotive has a ten horse power, is mounted on four wheels, with broad felloes. The inventor seems confident of success.

The corner stone of a deaf and dumb asylum was laid at Fulton, Missouri, on July 4th; also the corner stone of the Wesleyan College.

Correspondence of the Tribune.
From Texas.

SAN ANTONIO, July 3, 1853.

MESSRS. ZIMMERMAN—

Gentlemen—I fear your patience will be worn threadbare by the dull and insipid letters, which you receive from me. Yet I cannot refrain from writing you at the present time, feeling at the same time my entire inability to do justice to the subject before me, but I must trust to your imagination to fill up the deficiency.

My last letter to you was dated at Guan-

zales, and a few hours after that letter was closed, I left that handsome and thriving village, crossed the San Marcos, and directed my course towards Seguin. The country I found somewhat diversified with beautiful prairies and hills, the latter always covered with timber. When I reached within a few miles of Seguin, a beautiful and rich prairie opened before me, and the farther I advanced the more the beauty and loveliness of the country and scenery increased, until I became perfectly enrapured. When I have in sight of Seguin I thought it the most beautiful sight I had seen. The town is built in a lovely grove of live oaks, and stands upon an elevated situation, sloping gently each way from the centre, and the citizens have shown their good taste by allowing the trees to stand, not cutting down even those in the streets. On reaching the town, I alighted at the splendid hotel of Dr. W. S. Read, who once was a citizen of your town. The cordial welcome and kind reception I met with by the Doctor and his amiable lady was quite gratifying to me after my long journey, and I was soon surrounded by acquaintances and friends. I spent two days very agreeably there. Seguin is styled in modern style. The buildings generally have an air of neatness and comfort, and much good taste has been displayed in all the improvements of the town. There are two large and handsome two story stone buildings erected, one for a male and the other a female seminary, which shows at one glance to the traveler the intelligence and spirit of its inhabitants. In the town there are quite a number of fine springs, some of them sending forth large bold streams of pure clear water. Seguin is surrounded on all sides by a rich and productive valley, extending as far as the eye can reach and interspersed with fine groves of timber. The town is by far the most beautiful and inviting I have seen in the State. The citizens are kind and hospitable, and in point of intelligence and refinement, will compare with any town in the middle States. No traveller should leave Texas until he has visited Seguin, and all who visit there should put up at the elegant hotel of Dr. Read, and if they are fond of good living, they can indulge to their heart's content at the table or bar, and then the luxury of his neat and well furnished bed-rooms must be enjoyed to the appreciated.

The young men of New Albany, Ind., propose preparing a block of stone for the Washington Monument, with a suitable inscription.

A German committed suicide on Friday eve, just without the limits of New- port, Kentucky, by discharging a pistol in his mouth.

Philip Allen, having been chosen U. S. Senator, has resigned the office of Governor of Rhode Island, and is succeeded by Lt. Gov. Dimond.

The value of the wheat crop of 1851, in the United States, was \$143,000,000. The value of the corn crop the same year was \$391,300,000.

PHILADELPHIA, July 27.

New Orleans papers of Monday are received. They contain Mexican dates to the 16th.

The papers are discussing the Spanish procurator.

The Jesuits are invited to return to Mexico.

Santa Anna is preparing to unite the Church and State.

The diligence between Vera Cruz and Mexico was robbed. One passenger was killed. The robbers to the number of fifteen were arrested.

The town of Jalisco and Huatulco were inundated and many lives lost.

ST. LOUIS, July 27.

The Salt Lake mail reached Independence on the 25th. The mail party met a good many trains this side of Port Lavaca, most of which would muster at Salt Lake Valley.

The Indians had troubled Smith's train on 32 Mile Creek, and Dennison's train on Small Creek.

A party of Sioux had taken possession of the ferry at north fork of the Platte River, but did not hold it long.

The Platte river was very high, and a good deal of rain had fallen in all of that region.

There is but little news of interest.

The railroad fever is getting high again.

The following persons, animals, &c. have passed Fort Laramie this season en route for California:—9,698 men, 2,378 women, 3,958 children, 5,415 horses, 2,121 mules, 102,828 head of cattle, 40,125 sheep, and 3,000 wagons.

What would you say if you were to see a drunken man lying in the open street exposed to the pelting of a violent storm.—*Temperance Journal*.

We should say the poor devil was under the weather. What would you say, *Louisville Journal*.

The corner stone of a deaf and dumb asylum was laid at Fulton, Missouri, on July 4th; also the corner stone of the Wesleyan College.

myself in the Plaza, and dismounted in front of the Plaza House, a stranger (as I thought and felt) in a strange land, but I had scarcely set my foot upon the pavement, when I heard my name called from the midst of the crowd before the hotel door, and in one minute I was cordially welcomed by several old acquaintances, some of whom I was really quite delighted to meet. I have been here two days and visited all that is interesting, have enjoyed myself very much indeed, have witnessed a Mexican *fandango*, and have your imagination to fill up the deficiency.

My last letter to you was dated at Guan-

zales, and a few hours after that letter was closed, I left that handsome and thriving village, crossed the San Marcos, and directed my course towards Seguin. The country I found somewhat diversified with beautiful prairies and hills, the latter always covered with timber. When I reached within a few miles of Seguin, a

THE TRIBUNE

IN UNION THERE IS STRENGTH.

DANVILLE, KY.

Friday Morning, Aug. 5, 1853.

Send in the Vote.

Some friend in each of the counties of this Congressional district will oblige us by sending in the full vote of their respective counties at the earliest opportunity, by mail or otherwise.

THE ELECTION.—We have not yet received sufficient returns to enable us to state positively what has been the results of all the elections held in this State on Monday last.

In this Congressional district we incline to the belief that Col. Bramblett, the Whig candidate, is elected. Rumors, however, of the vote in several counties, render it a little uncertain whether or not such is the case. One thing is certain—that the Whigs of at least several counties in the district have not done their duty—and we ascribe this failure on their part, not to a desire to see Col. Bramblett defeated, but to an over-confidence of success—one of the most ruinous feelings that ever took possession of a party. We have as yet the full returns of no county in this district except this. Here the Whigs have done well, and have given a fair majority to their candidate. The Whigs of Boyle may always be relied upon. Even Perryville, the Democratic stronghold, in this county, has given Col. Bramblett a majority.

In the Ashland District Breckinridge is elected by a majority of between 500 and 600, over Gov. Lecher. Over this disastrous and mortifying result, we have neither time nor inclination to comment. The latest returns of the vote that we have received will be found embodied in the letter of our Lexington correspondent.

Returns from the Giltsar district, render it quite doubtful whether Dr. Pierce has been defeated by Eliot. (Dem.) Garrard county gave Pierce only 274 majority, and Madison is said to have voted against him by about 150. The latter (Dem.) probably elected.

Seventh District.—Hill's majority is 629 over Stone in Nelson, which is a gain of 294 since the last Congressional election.

ELIZABETHTOWN, August 2.—**Editors Courier:**—Hill's majority in Hardin is between 150 and 200. Stone's majority at the last election was 206. This is a decided victory.

In Larue, Hill's majority is increased about 100 votes. Hill's majority last race was 67. Now it is not less than 150, and probably 175.

The friends of Stone here say Hill is elected. I presume there is no doubt of this fact.

Sixth District.—**Editors Courier:**—Hill's maj. in Garrard 274. Eliot's in Madison reported to be about 150. The latter (Dem.) probably elected.

Seventh District.—Preston's maj. in Louisville 1,322, in Jefferson county 46. In Shelby over 527. Probable maj. for English in Henry, about 75—in Oldham 60. Preston's majority in the district is about 1500, probably more.

Eighth District.—Breckinridge's majority in the district is reported variously from 500 to 600. The very latest returns received before putting our paper to press, will be found in the letter of our Lexington correspondent.

Ninth District.—**Editors Courier:**—MAYSVILLE, Aug. 1st. In Fincannon county Cox gains largely over Rice for Congress, and is probably elected.

The Lexington Observer has the following:

Mr. STERLING, Aug. 2, 1853. In Montgomery county Cox's maj. is about 130, in Powell his majority is 12, and in Clark 56. Rice's majority in Bath is about 100. It is thought here that Cox is elected.

Another letter from Mr. Sterling says: Cox's majority is over 150 in this (Montgomery) county. In Bath, Rice is a long ways behind the question, and his majority will not more than equal Cox's in Montgomery, if it comes up to it. Sharpshooter, in dinner, Rice 43 majority; White Oak, Rice 25 majority—all these precincts largely favorable to Cox. In my judgement Cox will be elected by 350 majority.

Tenth District.—CINCINNATI, August 2.—A despatch from Maysville says that Mason gives Hodge 325 majority, and Nicholas 50.

A man from Bracken says that Staunton has 79 majority sure, showing a gain of 42 for Staunton over 1551.

Holge has carried Kenton, Campbell and Boone by 145 majority.

From all the returns in, we judge that Staunton is elected by less than 200 votes, if at all.

GARRARD COUNTY.—Considerable anxiety has been felt in regard to the result of the contest between Geo. W. Dunlap, Esq., and Mr. Wm. Woods, (Whigs) for the Legislature in Garrard county. Mr. Dunlap is elected by 36 majority.

LOUISVILLE.—This city, which gave a majority for Pierce last year, has this year done nobly, giving Preston, the Whig candidate for Congress, a majority of over 1300, and electing four Whigs to the Legislature.

DANCING SCHOOL.—All who desire to learn the art of "tripping upon the light fantastic toe," will of course notice the advertisement of Prof. MILLER who is said to be a competent teacher, and who proposes to open a school in this place on Monday next.

TALL OATS.—Mr. JACKSON CALDWELL has left at our office a bunch of oats raised on his father's farm in this county, the present season. The longest stalks measure near 5 feet 6 inches in height. Mr. Jackson says they are the best he has ever seen, and that these specimens were taken, would average about 4 feet in height.

PRECIOUS PEACHES.—At an auction of fruits and flowers in Louisville, on Saturday morning last, five peaches were sold for the sum of \$5.75.

Vote of Boyle County.—The following is the full vote of this county, at the close of the polls on Monday last:

PERRYVILLE, No. 1, No. 2. **DANVILLE,** No. 3.

State Treasurer, (no poll opened) 197 131

For Congress, 127 69 183 148

J. S. Christian, 120 64 50 35

For Legislature, 164 79 204 167

Temperance Vote, 114 80 154 76

For Liquor Law, 99 42 54 67

Against " 54

Major for the Law, 162

KENTUCKY LEGISLATURE.

Senators Elected.

WHIGS.

Madison—H. T. Allison and Jas. Richar-

son.

Jefferson—W. D. Malone.

Louisville city—W. G. Reaser, H. H. Sate, W. A. Hauser and B. Musseman.

DEMOCRATS.

Adair—T. Cravens.

Green—Jas. B. Montgomery.

Hardin—Hayden.

Hancock—Allen.

Jefferson—Sam. L. Geiger.

Larue—Read.

Oldham—Dr. Griffith.

Owen—W. C. Blanton.

Scott—Somers Green.

Shelby—Jones.

Taylor—A. Hazlewood.

GRAHAM'S MAGAZINE.

For August is overflowing with choice and interesting reading, and illustrated with numerous engravings. "Household Treasures," a fine steel plate, is a real home picture, and is particularly beautiful.

The illustrated contributions are "The Rhine and its Scenery," "Aspen Court,"

"Pilgrims to the Great St. Bernard,"

"Birds-eye view of Japan," "Lucy's Platin," and the "True History of the Koo-oo-oo."

Graham is keeping up with the times, and deserves what we suppose he is achieving—the most abundant success.

YOUNG FEVER in Philadelphia.

A dispatch dated Philadelphia, July 23, says:

The yellow fever is really among us, though confined to the locality where it first made its appearance—the vicinity of South street wharf. Six deaths are reported to have taken place between dark and daylight. The disease is traced to the bark Mandarin, which arrived here on the 12th, with a cargo of hides and molasses from Cuenfugos.

YOUNG FEVER in NEW ORLEANS.

A despatch from New York of August 1st, says:

"A despatch from New Orleans dated Saturday, reports 154 deaths during the last week, of which 126 were of yellow fever.

The Delta speaks of the disease as prevailing worse than ever before principally among the poor classes.

SCARCITY OF SILVER.

Though the new silver coin has gone into circulation, silver change continues scarce.

The reason is doubtless that the old coin, which

now commands a large premium, is withdrawn from circulation faster than the new coin is furnished by the mint.

This seems to be the case all over the country.

The N. Y. Express says in relation to it:

Small silver change is nearly as scarce as it was before the new silver coinage went into operation. The new coin law bears a premium of 2 to 2 1/2 per cent.

The mint with a large amount of silver coin makes but feeble exertions to supply this necessary want to the community.

THE NEW ORLEANS CORRESPONDENT.

The New Orleans Journal of Commerce

contends that in nearly every department of industry represented in the Crystal Palace, the United States manifests superiority over Great Britain. If Americans are

now commanded a large premium, is with-

drawn from circulation faster than the new coin is furnished by the mint.

This seems to be the case all over the country.
